Bulls that are good enough to head good herds. They are all red, all have quality and weight for age, lots of bone and should give satisfaction anywhere. The "22nd" is surely one of the best bulls we have ever produced, large, good-boned, good feet, smooth and the best of color. Sired by V V President 37th, the Omaha champion and sire of champions at the Missouri and Nebraska State Fairs, 1962. Also sired the 1st place Get of Sire at the All-American that year. Your pick of VALUES-- Gaining Ability ... Quality ... Beef Type ... Top Bloodlines!

Again, OMAHA offers the most in QUALITY and largest number of Polled Shorthorn bulls to be offered in any one sale in America Plan now to see this fine array of top herd bull prospects consigned by leading breeders of the Midwest. Come a day early and attend the Shorthorn sale in the same location on Monday, February 10th.

FROM The Sale Manager -----

Once again, the Omaha Sales will be the largest offering of Shorthorn and Polled Shorthorn bulls to be made any place in America this year. This is their 49th annual running, and during that time outstanding commercial and registered cowmen have made top herd bull selections in these Omaha events and returned them to their farms and ranches from Canada to the Gulf and from California to New York.

Here at Omaha, you will not just find the tops from one state, but the very best from seven states.

Cattlemen most assuredly from all over America, look to these Annual Omaha Events for sound breeding cattle and this is surely the crossroads of America's modern beef industry.

We sincerely appreciate Ak-Sar-Ben's cooperation in making their modern facilities available for these outstanding livestock events.

The long range future, looks good for the beef business and there is no better way for any breeder, purebred or commercial, to make his cow herd more profitable than to use a better bull. As always, Omaha is the place to do it again this year.

Standard Guarantee
Recommended by the
American Shorthorn Breeders'
Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

The annual Omaha Shorthorn and Polled Shorthorn Show and Sale is indeed grateful to Ak-Sar-Ben for the use of its excellent facilities this year and would like to take this opportunity to acquaint its exhibitors with this unique and world's largest civic organization.

Ak-Sar-Ben was founded in 1895. Its first undertaking was a mammoth parade which was so successful that Ak-Sar-Ben was established as a permanent public service organization. Today, the organization, a non-profit group founded solely for public service, receives its funds through memberships, 30,000 members, (\$10 annually, the same as in 1895) and its annual horse racing meeting.

* * *

What does Ak-Sar-Ben do with these funds? Here are some examples for 1961 alone!

*336 scholarships for student, nurses, county extension agents, vocational agricultural instructors and school teachers.

*Financial assistance for University of Nebraska, 4-H and FFA judging teams.

*Student loan funds at Nebraska, Creighton and Omaha Universities.

*Scholarships for firemen and policemen.

*The world's largest 4-H beef show.

*4-H leader training Institutes throughout Nebraska.
